

A SMALLTOWN WORSHIP GROUP WITH A MAJOR RECORD DEAL

*Cape First Worship is Released as the Debut Christian Group Signed to the
Devotion Music Record Label, In Partnership with Universal Music Group Distribution*

Cape Girardeau, Missouri – Cape First Church is not the average worship center one would expect to find in the quiet Missouri countryside along the banks of the Mississippi River. From college students to retirees, the upbeat and energetic church has made it their mission to open its doors to anyone in need. Take a step inside and it is quickly apparent why people cannot stop talking about this ministry.

Greeted by the joyful sound of Cape First Worship, the church's worship team, visitors enjoy a truly personal celebration of God's love through music. Led by Brent Anderson, the group boasts an impressive list of talent from all walks of life with one thing is common, their love for the Lord.

Realizing the effect the music was having on people's lives, Cape First Church pastor Gary Brothers urged the members of Cape First Worship to use their newfound community popularity in a positive way, and create an album that would spread the word of God beyond the physical walls of their church.

A meeting with Grammy nominated White Heart founder and Producer Billy Smiley quickly followed as the 13 members of Cape First Worship worked to record their debut album entitled "To Know Your Heart." Anderson wanted the group's music to reach beyond denominational barriers and focus the group's creative talents to make something to which all people could relate.

"I wanted to create an album that would be relevant to the lives of people today. There is so much distraction in the world that sometimes we just have to step back and take a break to remember what really matters, our relationship with God," said Anderson.

Cape First Worship's album features 12 faith-inspiring tracks and will be available on September 16 in stores nationwide. As an added bonus, a DVD with a full-length music video, live performance footage and interviews with Brent Anderson will be included with each album.
